

IRRIGATION NEWS

Staff

Contact with the Team

We are all working from home and can continue to provide support.

The Ops Team and our contractors are still completing essential business on the network and using the downtime to audit spares, catch up on paper work and get our Asset Management system up and running. If there is an emergency please call the duty phone.

The Enviro Team have been busy rescheduling nutrient budget updates, postponing audits and preparing for FEP updates. Give them a call if you have any queries.

Season Update

Farm Environment Plan Audits

FEP Audits for this season are postponed until further notice. Audits may need to be rescheduled later in the season and the Irrigo Enviro team might not be able to provide much notice with a new date. Please be prepared in advance so that we can ensure that we are compliant with our consent

FEP Updates for 2020

FEP updates will continue as planned and will be completed remotely (online meeting or phone call) until we can resume face to face meetings. If you would like to book in a time, please contact Sarah Hayman in the Enviro Team on 027 296 6444 or sarahh@irrigo.co.nz.

Season Update

Nutrient Budgets

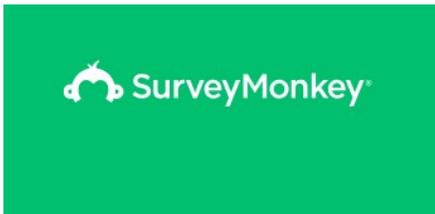

All Nutrient Budget providers are working from home and are available to prepare a nutrient budget. We will be in touch to see which provider shareholders plan to use. The Enviro Team have a list of nutrient budget providers if shareholders require.

If you need a Nutrient Budget this year and you don't already have an OverseerFM Account then you will need one. If you don't have one yet, we can set this up for you when we call to confirm your Nutrient Budget provider.

We will talk to you about the annual OverseerFM fee of \$200 when we call. Fees not paid will be paid by the company and oncharged with an additional admin fee.

Upcoming Training

Survey

I understand that some of you had trouble with the link to the survey in the last newsletter, my apologies for this. The link below should work for you.

Use Ctrl+Click to follow the link below or copy the link and paste into your web browser.
<https://www.surveymonkey.com/r/D9Z7G3Z>

We really appreciate the feedback we get through the survey and will respond to queries raised through upcoming newsletters.

Property Access

If we can't access your property offtake from the road, we will notify you before we enter.

Please maintain physical distancing if you see us out an about and give us a call if you have a question.

Stock water

Stock water Application

If you're interested in receiving stock water from ALIL please fill in the registration form and get it back to us as soon as possible. There was a copy sent out with the last newsletter, and you will find a copy on our website.

<https://www.alil.co.nz/wp-content/uploads/2020/03/ALIL-stock-water-application-form.pdf> Send the filled in form to rebecca@alil.govt.nz

We won't be delivering stock water to shareholders who have not filled in the form.

It is important that we get the forms back promptly as we may experience some supply chain disruptions as a result of the current COVID19 lockdown. If you have any questions give Rebecca a call on 0274581978.

GM Update

Message from Rebecca

We are into Day 5 of the country wide lock down and I have just started my second week working from home.

Work life balance has taken on a new meaning, but I am fortunate to have an au pair which means I can still escape to the office. Below is my helper, complete with crowns, at afternoon teatime.

The lockdown has required a few changes for the way that we work on the ALIL scheme.

The team are now keeping connected via video conference as well as the phone.

Mike is keeping the duty phone to reduce interactions but the team will continue to share the load when it comes to essential service call outs.

Look after yourselves.

Rebecca
